

Krzysztof Kluza

Krzysztof Kluza, MSc (kluza@agh.edu.pl, www) holds a position of a research assistant at the AGH UST in Krakow, Poland, Department of Applied Computer Science.

He was involved in the [HeKatE](#) (2008-2009) and [BIMLOQ](#) (2010-2012) research projects. Currently he actively takes part in Prosecco and HiBuProBuRul projects. His main scientific interests focus on knowledge and software engineering. His master thesis concerned a UML-based representation for XTT^2 rule representation method; his further research upon this topic is summarized in the JCR journal paper. He is working on his PhD thesis concerning integration of business processes with business rules; some of his results were presented at several workshops and conferences (see [his publications](#)).

In 2010 he also graduated from Jagiellonian University (Cultural Studies at Jagiellonian University). During his life he has been involved in several NGO's initiatives ([PSSI](#), [ZHP](#), KdT, [EPicentrum](#), [SS UJ](#), [ITGiants](#)).

In his free time he loves inline skating xor watching musicals.
