# Weronika T. Furmańska

**Weronika T. Furmańska, MSc** (wtf@agh.edu.pl, www) is a research assistant in the Computer Science Laboratory, Department of Automatics, AGH UST. She has cooperated with GEIST members since 2008, when she was a research assistant intern.

She graduated in 2009 with a degree in Applied Computer Science. Her main research interests cover Semantic Web technologies and logic programming. In her master thesis she proposed a method for using design methods for rule-based systems in the context of the Semantic Web. In 2009 she presented her results at several conferences and workshops including IWSE, KESE and ICCCI (for publications see the bpp AGH system). She has been involved in HeKatE and INDECT research projects.

Her non-scientific passions include playing and listening to music, travelling and skiing.
